LEGEND**
ROLLER COASTER

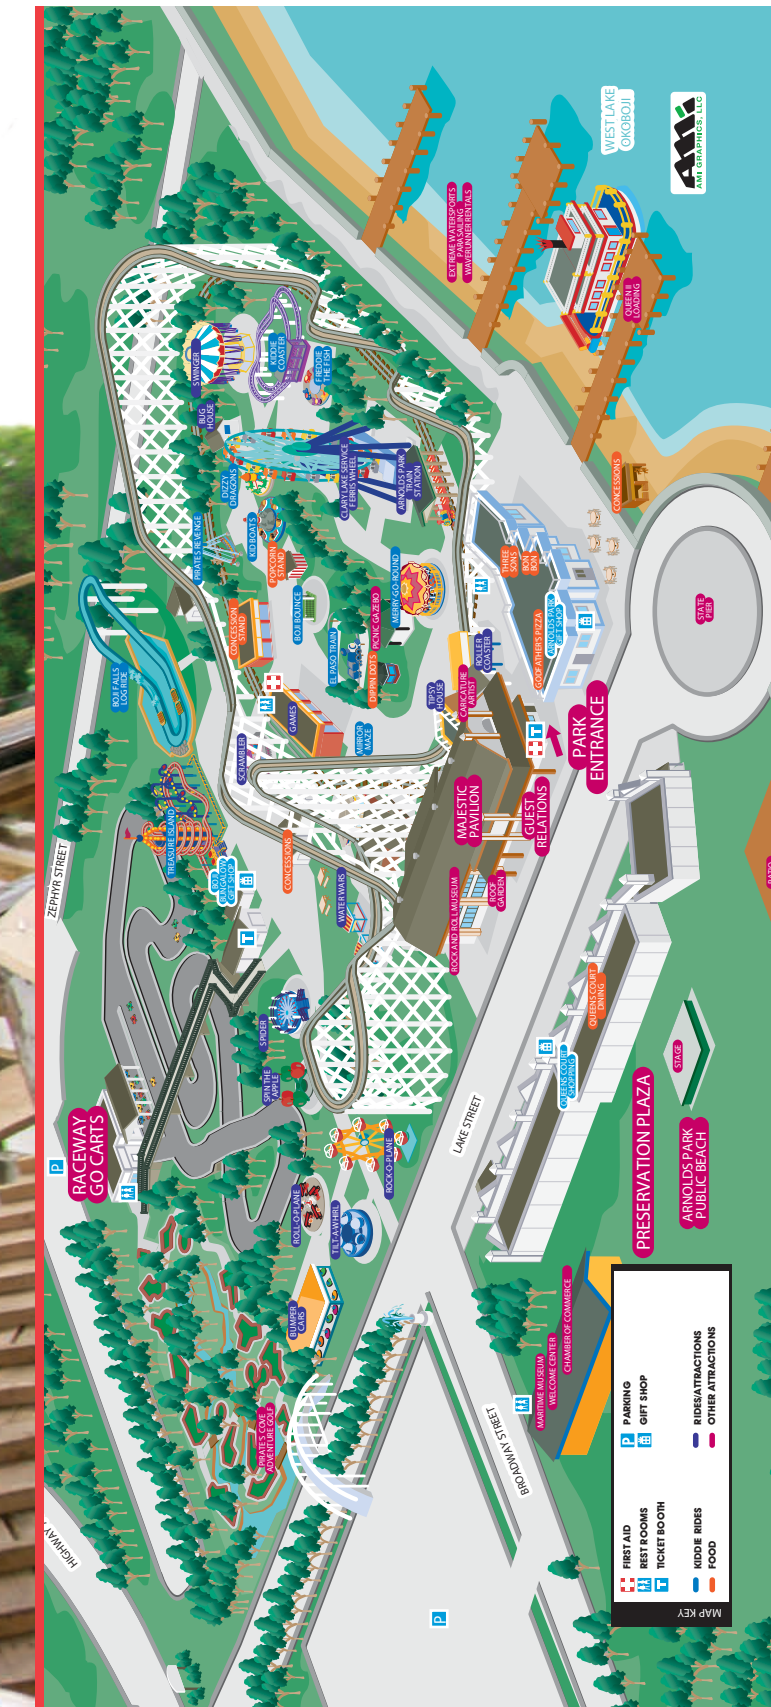

The Legend Roller Coaster is the 7th oldest coaster in the United States and 13th oldest in the world. Arnolds Park recently spent \$1 Million to renovate this historical structure and preserve its heritage for many more generations to come. It was built in 1927 as a free form figure 8 design, by John A. Miller, John F. Pierce, and Harry Baker.

The Legend reaches a height of 63 feet and speeds on its tracks at 50 mph. Riders enjoy the beauty of Lake Okoboji as they race to the top of the track. *If you would like to donate and help preserve the rich history of Historic Arnolds Park, Inc., please visit our website and go to the tickets page.*
